In the Claims:

Please amend the claims as follows:

- 1. (Twice Amended) A card display package, comprising:
- a card carrier constructed of a sheet of material; and
- a card connected to and selectively detachable from the card carrier, the card having a portion thereof [projecting from] extending beyond an outer edge of the card carrier and the card having an encodable magnetic strip extending transversely across the portion of the card [projecting from] extending beyond the outer edge of the card carrier [whereby the card may be swiped through an encoding device without removing the card from the card carrier]
